Things couldn't be better at Litwak's Arcade—at least as far as Ralph is concerned. In Vanellope's opinion, though, the ins and outs of her game, Sugar Rush, have become too routine. She's craving a brand-new challenge. . . . So Ralph tries to bring some excitement to the game. But things quickly go off the tracks! It'll be up to our favorite dynamic duo to venture into the Internet. Will they save Sugar Rush—and the world of Litwak's as we know it? It's your call as to which paths they take. Will you help them succeed with flying colors? Or will it be the end of the road for Sugar Rush? Travel through the Internet with the characters of the upcoming Walt Disney Animation Studios film Ralph Breaks the Internet in this illustrated choose-your-own-path style middle grade novel.
