## The Ugly Five Book Content Preview:

Meet Wildebeest, Warthog, Spotted Hyena, Lappet-Faced Vulture, and Marabou Stork. On the African savanna, they're known as the Ugly Five, but for all their bumps and bristles, these animals are just as lovable and intriguing as their more celebrated counterparts. Told in Julia Donaldson's signature rollicking rhymes, with Axel Scheffler's rich and witty illustrations, this tale of taking pride in who you are shows that not every animal has to have a glorious mane or an impressive roar to win the hearts of readers everywhere.
