Fire & Blood: 300 Years Before A Game of Thrones (A Targaryen History) (A Song of Ice and Fire) Book Content Preview:

#1 NEW YORK TIMES BESTSELLER • The thrilling history of the Targaryens comes to life in this masterly work by the author of A Song of Ice and Fire, the inspiration for HBO's Game of Thrones. Centuries before the events of A Game of Thrones, House Targaryen - the only family of dragonlords to survive the Doom of Valyria - took up residence on Dragonstone. Fire & Blood begins their tale with the legendary Aegon the Conqueror, creator of the Iron Throne, and goes on to recount the generations of Targaryens who fought to hold that iconic seat, all the way up to the civil war that nearly tore their dynasty apart. What really happened during the Dance of the Dragons? Why was it so deadly to visit Valyria after the Doom? What were Maegor the Cruel's worst crimes? What was it like in Westeros when dragons ruled the skies? These are but a few of the questions answered in this essential chronicle, as related by a learned maester of the Citadel and featuring more than eighty all-new black-and-white illustrations by artist Doug Wheatley. Readers have glimpsed small parts of this narrative in such volumes as The World of Ice & Fire, but now, for the first time, the full tapestry of Targaryen history is revealed. With all the scope and grandeur of Gibbon's The History of the Decline and Fall of the Roman Empire, Fire & Blood is the the first volume of the definitive two-part history of the Targaryens, giving readers a whole new appreciation for the dynamic, often bloody, and always fascinating history of Westeros. Praise for Fire & Blood I love it so much. Fire & Blood is Martin Unbound . . . and I couldn't put it down. . . . There's an addictive quality to the prose that's outright gossipy. . . . The obvious comparison here is J.R.R. Tolkien's The Silmarillion. . . . Writing centuries after the events he's describing, the Gyldayn voice complicates this game of thrones with a clash of perspectives and a storm of debatable facts. . . . Heavy stuff, but Fire & Blood flies. - Entertainment Weekly A masterpiece of popular historical fiction. - The Sunday Times The saga is a rich and dark one, full of both the title's promised elements. . . . It's hard not to thrill to the descriptions of dragons engaging in airborne combat, or the dilemma of whether defeated rulers should bend the knee, 'take the black' and join the Night's Watch, or simply meet an inventive and horrible end. - The Guardian
